# INTEGRATION INSTRUCTIONS FOR SHOPIFY.

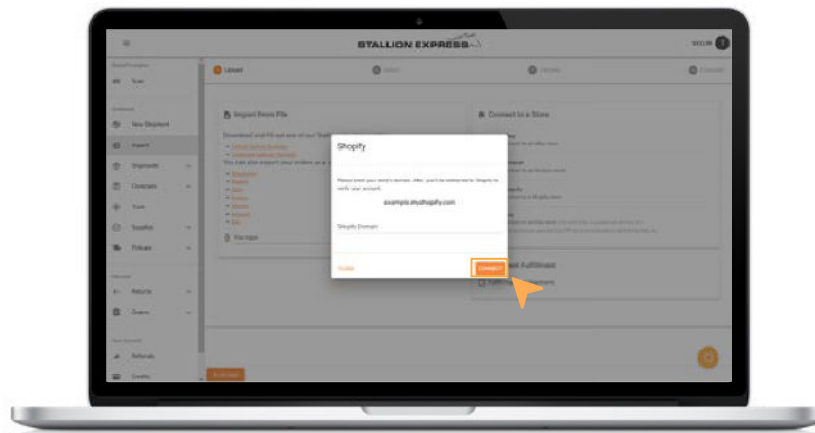

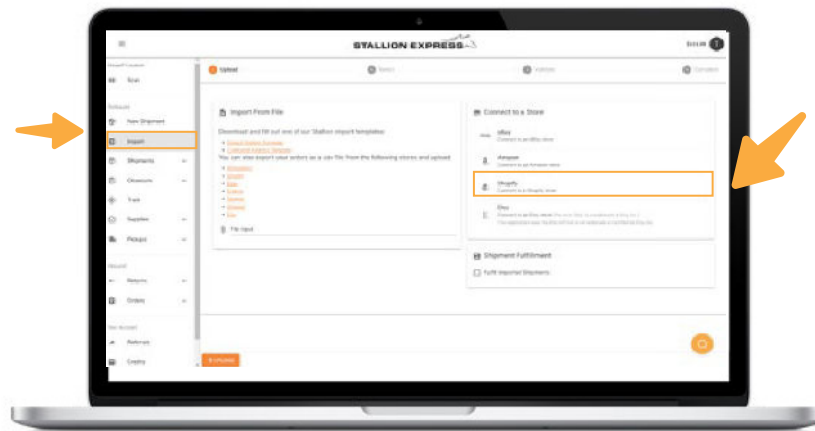

To activate the third-party carrier-calculated shipping, your store needs to be on the Advanced Shopify or Plus plan. If you're on the Shopify plan or lower, then you can add this feature for a monthly fee or switch from monthly to yearly billing. For more information, contact [Shopify Support](#).

## STEP 01

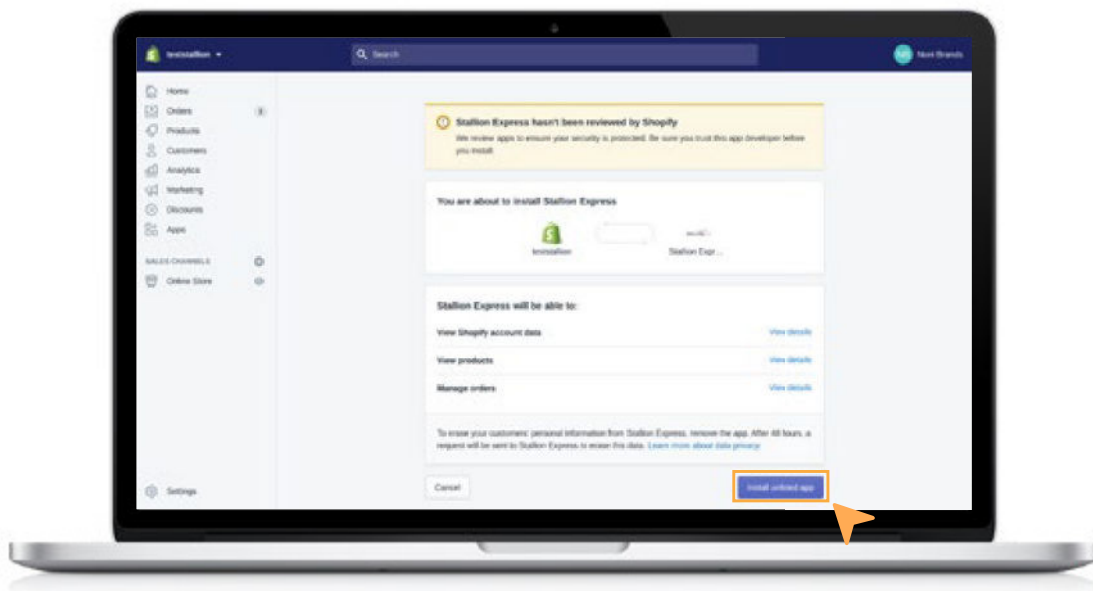

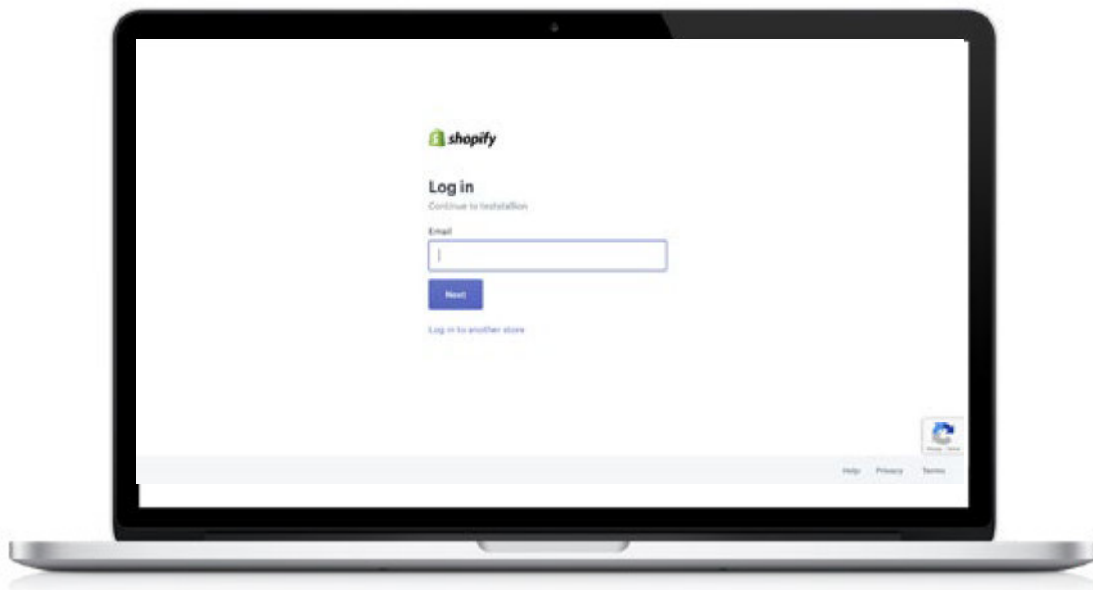

Integrate your Shopify store and import your shipments into Stallion Express.

Go to **Import** > Click **Add Shopify**

**STEP 02**

Log into your Shopify store account and **click “Install Unlisted App”**.

**STEP 03**

Go back to your Stallion Express account and **click the New Shopify button** under **“Import From Store”**.
